AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1954 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is included in pages 21 to 186, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city. A similar list for Nevada appears in pages 249 to 294.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, on pink paper, covers pages 189 to 243. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones. A similar guide for Nevada is included in pages 297 to 312.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 40, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ames and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community

like Ames, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 353 to 393, on white paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE STORY COUNTY DIRECTORY, covering the small towns of the county, extends from page 395 to page 436, on white paper.

THE STORY COUNTY FARMERS DIRECTORY appears in pages 437 to 517, on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Iowa State College

Iowa State College of Agriculture and Mechanic Arts was founded in 1858, nine years after the first settler built his cabin in Story County. The college is a Federal Land Grant Institution.

The college land in the vicinity of Ames covers 5,000 acres, with 845 acres in the main campus and recreation areas, the rest largely in experimental farms; total book value of land in Ames vicinity, $952,000.

I. S. C. Dairy Farm, a mile south of the Campus. Here students learn by actual demonstration with a herd of 300 registereds dairy cows of various breeds.

The physical plant has some 50 major buidings (including dormitories); more than 250 minor structures; total value, land, buildings and equipment, $27,000,000.

Income for the 1952-53 fiscal year was $19,608,000, derived from State appropriation of $5,610,000, plus Federal allotments, contracts, student fees, gifts, sale of products and services, and endowments. Students residing in Iowa pay no tuition, only special fees.

The total resident student enrollment from June 30, 1952 to June 30, 1953 was 9,643. Enrollment for 92 short courses in the year ended June 30, 1954 was 18,828.

The total of regular staff employees, June 30, 1953 was 2,489 composed of 137 in administration, 793 in instruction, 437 in research, 346 in the extension service and 776 in the employment of the library, physical plant department and other service departments.

Main division: Agriculture, Engineering, Science, Home Economics, Veterinary Medicine.

A national leader in its field, the college has a threefold function:

It offers resident instruction on both the undergraduate and the graduate level;
It maintains an extensive program of research;
It reaches every corner of the state through extension service in agriculture, home economics and engineering.

The research facilities of the college include the Agricultural Experiment Station, the Engineering Experiment Station, the Institute for Atomic Research, the Industrial Science Research Institute, the Statistical Laboratory and the Veterinary Medical Research Institute.

The U. S. Atomic Energy Commission has a major laboratory for basic research on the campus, operated as an integral part of the Institute for Atomic Research.

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State College. In 1913 it was established as an independent department of the State government.

The office at Ames is the headquarters for the state. In addition, there are six districts and 23 construction and 24 maintenance offices located throughout the state.

The physical plant on Lincoln Way consists of one main office building, four annex office buildings, testing laboratory, storage buildings, garages and a central repair shop and heating plant.

The Highway Commission has supervision over 9,729.9 miles of primary roads in the state, and joint control with the 99 boards of supervisors [illegible] miles of farm-to-market roads. The annual business approximately $50,200—$36,500 expenditures on primary roads for construction, maintenance, right-of-way, engineering, traffic safety, accounting and legal consul, and $13,700 expenditures on farm-to-market road construction. Since the first law was enacted in 1917, accepting Federal aid, $788,263,539.65 has been spent on the primary road and farm-to-market road systems under the Commission's supervision.

The Commission employs 2,650 engineers, administrative assistants and maintenance men in all of its departments of which 509 are located at Ames.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames public schools offer a splendid opportunity for the education of the children of the city. The school plant comprises eleven buildings, with a present total valuation of $3,775,000. These include the $1,179,150 High School building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary School; the Beardshear, Crawford, Edwards, Lincoln, Meeker, Roosevelt and Whittier elementary schools; the Ruth B. Willson Opportunity School; and the Field House. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment for 1954-55 is 3,240. The teaching staff numbers 147, and there are 28 other personnel—secretaries and custodians. The Ames Schools have a fine staff of supervisors who give guidance on the curriculum areas at all levels.

Two bond issues carried successfully four years ago and made it possible for Ames to have two new modern elementary schools and a replacement for the Ruth B. Willson School. Plans are now being made for additional classrooms to be added to some of the existing elementary buildings and the present Central Junior High School. While the enrollment of the Ames Public Schools has been increasing by about 200 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

POLK'S AMES

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1954

Copyright 1954, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The ▲ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

***Out-of-Town* CITY DIRECTORIES**

- A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Want to meet 30,214,172 Friends?

This year, R. L. Polk & Company's new "circulation list" of passenger car and truck owners in the entire United States totals 30,214,172 names . . . the major American market for *all* consumer goods.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the greatest industries in the nation reach *their own selected markets* for their own products . . . and each advertising message carries the local retail dealer's identification, to *his own selected prospects in the area he serves.*

Annually, this world's greatest "circulation list" is *entirely rebuilt* . . . to serve industry in helping to move the goods and services that keep our economy rolling.

Statistical Review

Location—In the geographic center of Story County on U. S. Highway No. 30. On the main line of the Chicago & Northwestern running from Chicago to Omaha and the West Coast. On the Rock Island line running from the Twin Cities to Kansas City and all points south. Bus service both north and south and east and west. Motor-freight facilities to all points.

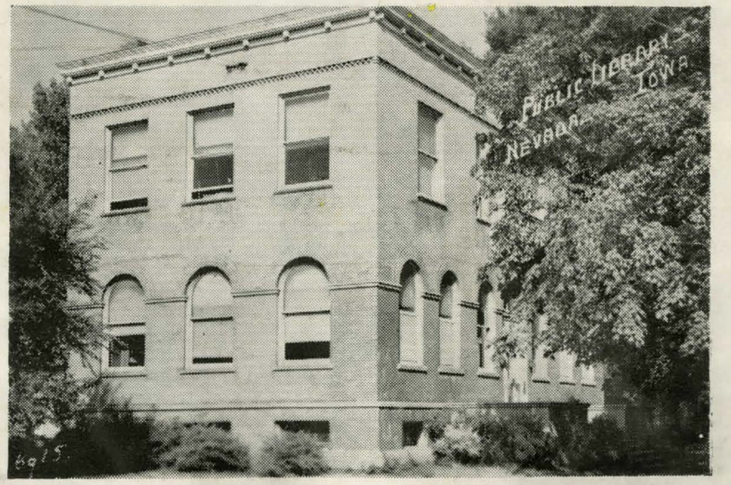

County Seat of Story County—Located June 27, 1853, by commissioners appointed by the State Legislature of Iowa, and land entered July 1, 1853. Near the geographic center of Iowa and in the greatest agricultural area in the world.

County Court House—Here are centered all branches of county government.

County Extension Office—Here are centered all the activities of the Story County Farm Bureau, organized in 1917, supporting a definite educational program for agriculture.

Story County 4-H Clubs—County-wide activities centered in Nevada. Permanent Story County 4-H Fair grounds, where yearly are shown 800 or more exhibits of live stock and poultry in the 4-H barns, which are visited by thousands of persons from over Story County during the fair. Rally Day by the county-wide Girls' 4-H, where the annual election of officers and other activities are held each June, in the Nevada Community building at the 4-H grounds. This building also houses the Girls' Achievement exhibit during the 4-H Fair. Story County 4-H Club membership (boys and girls), approximately 600.

Altitude—997 feet above sea level.

Population—Approximately 4,000 (3,763 by 1950 U. S. Census).

Rainfall—Averages 35 inches per year.

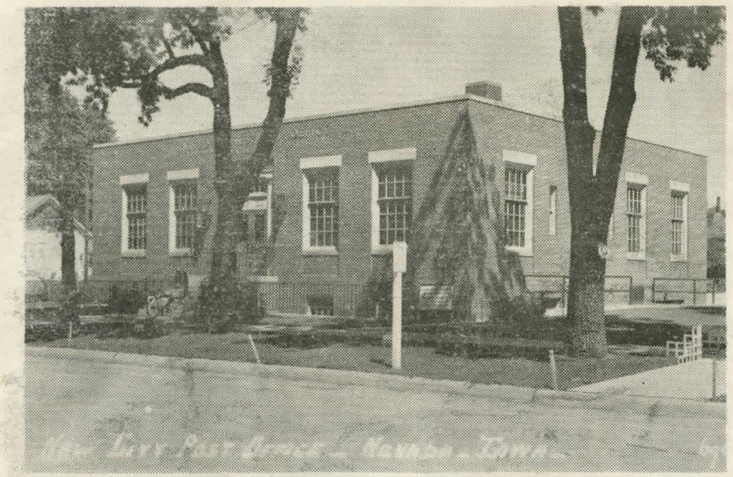

Municipal Bonded Debt—$245,000 (July 1, 1954).

Trade Area—Farmers' trade center of Story County.

Utilities—Natural gas service; Iowa Electric Light & Power Co.; City water; new $150,000 storm sewer; 100 blocks of city paving.

Business—Approximately 160 retail establishments; 15 industries; 2 banks; total bank deposits, $7,150,625 (June 30, 1954); building and loan association resources, $500,000. Branch office of the Reuben H. Donnelley Corp., of Chicago, employing from 300 to 500 persons.

Federal Post Office—First-class. Postal receipts for a recent year, over $950,000. These unusually large receipts are due to permit mailing.

Hotels—2: Story Hotel, modern and fireproof; Nevada Hotel. Three tourist cabin camps; one cabin and trailer camp.

Hospitals—Story County Hospital dedicated on Sept 2, 1951, built at a cost of approximately $400,000.

Commercial Organizations—Nevada Community Club, Greater Nevada Recreational Association (GNRA).

Recreation—Fine lighted baseball park; lighted football field; tennis courts; field house; gymnasium; motion-picture theatre; golf course; summer water-safety program; organized summer recreation; roller-skating; ice-skating facilities; self-help baseball and basketball courts.

Music—Nevada A Cappella Choir; Nevada High School Band; music clubs; fine church choir groups.

National and International Clubs—Rotary International, Lions Club, Wa-Tan-Ye and Soroptimist clubs; Boy Scouts; Cub Scouts; Nevada Woman's Club.

Religious Activities—Eight fine churches, with religious societies; Ministerial Society; Inter-Church Youth Organization; religious education department of Nevada Woman's Club.

Education—Five public school buildings carrying high standard of instruction. Approved for entrance in any college. Seventh Day Adventist Oak Park Academy and S.D.A. Parochial School.

Library Facilities—Fine public library, with 7,900 volumes. Date of founding library, 1876. Excellent school library.

Fire Department—Highly-efficient volunteer fire-fighting force. Fire loss small.

Communications—Iowa Continental Telephone Co.; Western Union Telegraph Co.; County sheriff and City police radio police system.

Air Service—Nevada Flying Service; chartered trips; student instruction.

Newspaper—Nevada Evening Journal, daily except Sunday since 1929; under same management for over 50 years; county-wide circulation.

The office of the AAA is located in Nevada.

The parks are under the administration of a park board.

Nevada is the grain center of Story County, serviced by two modern elevators, one on each railroad.

Nevada's modern, up-to-the-minute stores, which cover ten city blocks, carry all lines of merchandise, which attract shoppers from a wide trading area. Socially and economically, the city of Nevada has much to offer its residents. Its churches, its schools and its community activities all tend to provide a healthful, wholesome atmosphere, important, alike, to young and old.

Nevada is a city of beautiful trees. Its well-kept lawns and attractive homes reflect the spirit of friendliness for which its people are noted. Nevada may well be called "The City Beautiful."

Out of Sight - Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1954

Copyright 1954, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
